

An early Spring note from your Department Americanism Chairman.

Well, it's March and the harsh weather is over, at least in the South. For y'all in the northern part of S.C. I can sympathize with you. I'm from northeast PA. and winter goes on forever.

St. Patty's Day is right around the corner, and a nice warm totty or green beer will lighten you're spirts. Do you know what would pick up my spirts? An Americanism report from your Auxiliary. It doesn't need to be on green paper nor written in green ink. Just write like a newspaper reporter. "Just the facts". What you did, how many where there, any money involved and how far did you go, etc. And for heavens sake, the DATE. You can email me; snail mail me or use a carrier pigeon. Your choice. You can even call me and together we will fill out the report. Fillable forms are on Malta. You need to get these reports in ASAP. Time is running out. Even if I only receive one report from your Auxiliary, I would be grateful. Reports are important because they show the wellbeing of your Auxiliary. It makes you proud to witness an outpouring of Patriotism and then report on it. .

National Vietnam War Veterans Day is March 29. What a fantastic day to write a report about.

I wish you all well and hope to hear from each and every one of you..

Andy Macheimer
