

8-10-2026

Good morning from sunny South Carolina

We have recently been involved with Tunnels to Towers in North Charleston. This week I am going to see the manager of T2T Veterans Village I will drop off flyers introducing their tenants to the VFW National Home.

This is the start of a new Auxiliary year, let's go out in the community and let everyone know what the VFW National Home is all about.

When you hold your membership drives hand out the information about the National Home. Take the information I gave you to the VA Hospitals. Push VFW National Home memberships at your meeting.

One of the auxiliary's hold a membership raffle for the National Home. Each month they put money in a bank, what they can, a penny, a dollar, along with a ticket. When they get \$100 they pull a ticket. That winner gets membership to the National Home, if that person has a membership already, they can pass it on to someone else. I think this is an excellent idea. Even if you only get one membership per year. We can all do this.

I got the opportunity to visit the National Home when my husband went up the chairs for state. What a magnificent place. The children there are taught to raise animals, which teaches them responsibilities. The adults are taught how to manage money and get jobs.

Until next time you know the task, now let's do this.

Jane Fox SC National Home Chairman for 2026-2027
