

Buddy Poppy/National Home Program

Let us start off the year with excitement and positivity. I am your chairman again this year and we have made a difference; let us keep up our excellent work this year. Our support for the Home gives opportunities to our Veterans and their families to have a better life. All suggestions are welcome and appreciated. If we work together, we can make a difference to those that sacrifice so that we can have a good life.

Here are ideas and suggestions for promoting “Buddy” Poppy and education for the children and adults.
