

Dear Auxiliary Members:

Welcome to the Department of South Carolina's Hospital Program. I'm Robin Pittman, and I'm serving as your Chair for the 2021-2022 year. When I was asked about taking this position, I was eager to do so. I didn't know at that time the amount of education I would need and gain in reading the program guide and I had no idea of many of the services available in our Hospital Program. I hope to continue to learn and grow, along with each of you.

This year my goal is not just to provide support to our Veterans, but to educate our Auxiliaries of the many aspects of the Hospital Program.

How can you support the Hospital Program?

- Visit
- Recruit others to join
- Learn more about and participate in the Honor's Escort Program
- Inform non-VA facilities about the Honor's Escort Program
- Support our Veterans during National Veteran Patients Salute Week
- Educate others about the Women Veterans Care
- Participate in honoring the VA Hospital workers
- Provide/create/distribute Valentines for Veterans

Every hour served lifting the spirit of a Veteran, supporting the families of these Veterans and encouraging our youth to become involved is an hour well spent – all in service to our Veterans.

Please feel free to reach out to me for any assistance or questions. I may not know all of the answers at this time, but I promise together we will find them.

In service to our Veterans,

Robin Pittman
