

Good afternoon, Everyone...

I hope you are all well. I'm reaching out to let you know that I need everyone to check their youth reports that they've sent me to make sure that the format you're sending them in is right.

Some of them I cannot open, and some are coming in blank.

I also need to have how many members/youths were involved, how many hours were spent, how many miles were driven and any money that was spent or any donations that may have been donated. On the donations, you can give me a rough estimation of what you think it would cost.

I've had quite a few of them coming in with no information for me to go off of except for detail of what you did. If you could please reach out to your Chairmen or anyone who has sent in a youth report for your Auxiliary and let them know to, please double check the information being sent in. Thank you

Cassie Cole  
SC Department Youth Chairperson
